

Google Dork Library (50 Safe OSINT Queries)

This library is intended for authorized OSINT and security assessments only.

#	Google Dork	Purpose
1	site:example.com	Search only within a specific domain
2	site:example.com filetype:pdf	Find PDF documents
3	site:example.com filetype:doc OR filetype:docx	Find Word documents
4	site:example.com filetype:xls OR filetype:xlsx	Find Excel documents
5	site:example.com filetype:ppt	Find PowerPoint files
6	site:example.com filetype:txt	Find text files
7	site:example.com filetype:csv	Find CSV files
8	site:example.com filetype:json	Find JSON files
9	site:example.com ext:xml	Find XML files
10	site:example.com ext:log	Find log files
11	site:example.com inurl:login	Locate login pages
12	site:example.com inurl:admin	Locate admin pages
13	site:example.com intitle:"Login"	Find login titles
14	site:example.com intitle:"Dashboard"	Find dashboard pages
15	site:example.com inurl:dashboard	Dashboard URLs
16	site:example.com inurl:portal	Portal pages
17	site:example.com inurl:signin	Sign-in pages
18	site:example.com inurl:auth	Authentication endpoints
19	site:example.com "API"	API documentation
20	site:example.com inurl:api	API endpoints
21	site:example.com filetype:pdf confidential	Confidential PDFs
22	site:example.com filetype:xlsx budget	Budget sheets
23	site:example.com filetype:pdf report	Reports

24	site:example.com "annual report"	Annual reports
25	site:example.com "privacy policy"	Privacy policy
26	site:example.com "terms of service"	Terms
27	site:example.com "contact us"	Contacts
28	site:example.com intext:"username"	Username mentions
29	site:example.com intext:"email"	Email mentions
30	site:example.com "@example.com"	Company emails
31	site:linkedin.com "Data Scientist" "Bangalore"	LinkedIn research
32	site:github.com example.com	GitHub references
33	site:stackoverflow.com "Python Selenium"	Stack Overflow
34	site:medium.com "Google Dorking"	Medium articles
35	site:docs.google.com "project plan"	Public Google Docs
36	site:drive.google.com "presentation"	Public Drive files
